Journal of Dentistry, 7, No. 4, 1979, pp. 362–364. *Printed in Great Britain*

INDEX

Volume 7 Numbers 1–4 March–December 1979

Abrahams R. and Carey P. D.: Use of ala–tragus line for occlusal plane determination in complete dentures, 339
Abrasivity of finishing agents used on composite filling material, 105
Abutment teeth of removable partial dentures, use of crowns to modify, 52, 98
Adams D. and Butterfield N. J.: Taste thresholds and caries experience, 208
Adams D., Stipho H. D. K. and Murphy W. M.: Variations in the initial formation of pellicle and plaque on enamel *in vivo*, 169
Age, spacing of teeth in relation to, 321
Aggregation phenomena in mouth, nature of interactions associated with, 149
Ala–tragus line, use of, for occlusal plane determination in complete dentures, 339
Alexander J. R.: *see* Lindsey D. jt auth.
Al–Nakash S.: *see* Ellis B. jt auth.
Anodontia, partial, oral rehabilitation of severe case of, 115
Apatites and enamel, zeta potentials of, 246
Arends J.: Zeta potentials of enamel and apatites, 246
Arends J.: *see also* Bartels T. jt auth.
Attrition, varying degrees of, population contrasts based upon teeth with, 126

Bacteria, adherence of, to solid surfaces, and the surface forces, 230
Barnes I. E.: Replication techniques for scanning electron microscope, 25
Barsby M. J. and Schwarz W. D.: Survey of the teaching of partial denture construction in dental schools in United Kingdom, 1
Bartels T., Schuthof J. and Arends J.: Adsorption of two polyphosphonates on hydroxyapatite and their influence on acid solubility of whole bovine enamel, 221
Berry D. C.: Buccinator mechanism, 111
Bertenshaw B. W., Combe E. C. and Grant A. A.: Studies on polycarboxylates and related cements, 117
Birdi K. S.: Adherence of bacteria to solid surfaces and the surface forces, 230
Book Reviews (*see* Reviews)
Braden M. (ed.): Dental materials: 1977 literature review, Part 1, 275
Bridge and crown material, temporary, hypersensitivity to, 22
Buccinator mechanism, 111
Butterfield N. J.: *see* Adams D. jt auth.

Calcium, studies of role of, in plaque formation and cohesion, 174
Carey P. D.: *see* Abrahams R. jt auth.
Caries experience and taste thresholds, 208
Carious dentine, deep, pulp changes in diciduous teeth associated with, 39
Cements, glass–ionomer, characterization of, 304
Cementum involved in periodontal disease: review of features and clinical management, 185
Combe E. C.: *see* Bertenshaw B. W. jt auth.
Composite filling material, abrasivity of finishing agents used on, 105
  solubility of, long term water sorption and, 64
  materials, direct use of, in restoration of fractured incisors, 57
Corbet E. F.: *see* Daly C. G. jt auth.
Cri du Chat syndrome (5p–), orofacial manifestation in, 313
Crisp S., Lewis B. G. and Wilson A. D.: Characterization of glass–ionomer cements, 5. Effects of tartaric acid concentration in liquid component, 304
Crown and bridge material, temporary, hypersensitivity to, 22
  use of, to modify abutment teeth or removable partial dentures, 52, 98

Daly C. G., Kieser J. B., Corbet E. F. and Seymour G. J.: Cementum involved in periodontal disease: review of features and clinical management, 185
Davison M.: *see* Scully C. jt auth.
Dental schools in United Kingdom, survey of the teaching of partial denture construction in, 1
  service, emergency, 43
Dentine, deep carious, pulp changes in deciduous teeth associated with, 39
Denture construction, partial, survey of the teaching of, in dental schools in United Kingdom, 1
  removable partial, use of crowns to modify abutment teeth of, 52, 98
  wearing, adaptation of tongue to, 141
Dummer P. M. H.: Oral rehabilitation of severe case of partial anodontia, 115

Journal of Dentistry, 7, No. 4, 1979, pp. 362–364. *Printed in Great Britain*

CONTENTS OF VOLUME 7

NUMBER 1

A survey of the teaching of partial denture construction in dental schools in the United Kingdom — *M. J. Barsby and W. D. Schwarz* — 1
Topical applications of stannous fluoride: choice of concentration and duration of treatment — *Ira L. Shannon and Eleanor J. Edmonds* — 9
The influence on the gingival tissues of prostheses incorporating gingival relief areas — *J. A. Hobkirk and J. D. Strahan* — 15
Hypersensitivity to a temporary crown and bridge material — *J. L. Lui* — 22
Replication techniques for the scanning electron microscope — *I. E. Barnes* — 25
Letter to the Editor — 38
Pulp changes in deciduous teeth associated with deep carious dentine — *J. A. Rayner and J. C. Southam* — 39
An emergency dental service — *J. D. Price* — 43
The use of crowns to modify abutment teeth of removable partial dentures — *B. J. Smith and C. H. Turner* — 52
The direct use of composite materials in the restoration of fractured incisors — *T. Low and Z. A. Majid* — 57
Long term water sorption and solubility of composite filling materials — *G. J. Pearson* — 64
Book Reviews — 69
Quarterly Dental Review Abstracts — 77

NUMBER 2

A clinical comparison of two gingival extension procedures — *W. M. M. Jenkins and K. W. Stephen* — 91
The use of crowns to modify abutment teeth of removable partial dentures — *C. H. Turner and B. J. Smith* — 98
The abrasivity of finishing agents used on composite filling material — *G. J. Pearson and J. J. Messing* — 105
The buccinator mechanism — *D. C. Berry* — 111
The oral rehabilitation of a severe case of partial anodontia — *P. M. H. Dummer* — 115
Studies on polycarboxylates and related cements — *B. W. Bertenshaw, E. C. Combe and A. A. Grant* — 117
Population contrasts based upon teeth with varying degrees of attrition — *C. L. B. Lavelle* — 126
A study of the composition and diffusion characteristics of a soft liner — *Bryan Ellis, Suad Al-Nakash, D. J. Lamb and M. P. McDonald* — 133
The adaptation of the tongue to denture wearing — *P. R. Likeman* — 141
International Symposium on Surface and Colloidal Phenomena in the Oral Cavity — Introduction — 148
On the nature of interactions associated with aggregation phenomena in the mouth — *S. A. Leach* — 149
Factors influencing the deposition and growth of oral organisms on hard surfaces — *P. R. Rutter and R. Leech* — 161
Variations in the initial formation of pellicle and plaque on enamel in vivo — *D. Adams, H. D. K. Stipho and W. M. Murphy* — 169
Studies of the role of calcium in plaque formation and cohesion — *W. M. Edgar* — 174
Book Reviews — 180
Abstracts — 183

NUMBER 3

Cementum involved in periodontal disease: a review of its features and clinical management *C. G. Daly, J. B. Kieser, E. F. Corbet and G. J. Seymour* 185
An examination of factors associated with retching in dental patients *Susan M. Wright* 194
Taste thresholds and caries experience *D. Adams and N. J. Butterfield* 208
International Symposium on Surface and Colloid Phenomena in the Oral Cavity Introduction 212
The factors involved in the adsorption of glycoproteins from saliva onto hydroxyapatite surfaces *P. D. Wilkes and S. A. Leach* 213
The adsorption of two polyphosphonates on hydroxyapatite and their influence on the acid solubility of whole bovine enamel *T. Bartels, J. Schuthof and J. Arends* 221
Adherence of bacteria to solid surfaces and the surface forces *K. S. Birdi* 230
The host–organism interface in natural human dental plaque *H. N. Newman* 235
Zeta potentials of enamel and apatites *J. Arends* 246
Book Reviews 255
Quarterly Dental Review Abstracts 258
Abstracts 271

NUMBER 4

Dental materials: 1977 literature reviews. Part 1 *M. Braden (ed.)* 275
Characterization of glass-ionomer cements *S. Crisp, B. G. Lewis and A. D. Wilson* 304
Orofacial manifestations in the Cri du Chat syndrome *C. Scully and M. F. Davison* 313
The spacing of teeth in relation to age *D. Lindsey and J. R. Alexander* 321
Dental student selection – the prediction of success *J. C. Glyn Jones* 329
The use of the ala-tragus line for occlusal plane determination in complete dentures *R. Abrahams and P. B. Carey* 339
Book Reviews 342
Quarterly Dental Review Abstracts 344
Abstracts 356
Index 357
